Group Exercise:

Let's identify top training needs NOW

**What do non-degreed  
librarians need to  
know?**

# Step 2: Environmental Scan

# Environmental Scan

## WANTS

- What training topics are you seeking?

## HAVES

- What funds and time are available?
- What resources do you already know and use?
- What trainings are being provided already?

## GAPS

- What's missing?
- Who can help find/identify/evaluate good sources of training materials?

About CLiC

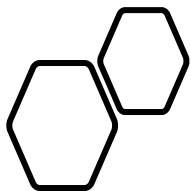

## On the ground, at the point of need

CLiC Consultants – your colleagues on call. They create connections for libraries: one-on-one visits or one-with-many gatherings. They share their expertise, inform about library trends, teach skills, support library initiatives, and most of all listen. Click Expertise to learn more. The best part, as your colleagues on call, their help is FREE. Each one is a [...]
